## Uintah Machine Tool Trailers

Uintah Machine manufactures tool and mechanic trailers for transporting tools, welders and supplies. The two trailers shown below were customized to meet the needs of our customers. Every mine has different operating conditions, so send us a sketch or some parameters and we'll design one for you.

We take pride in our work. You can count on receiving the toughest, highest-quality, lowest-maintenance, tool

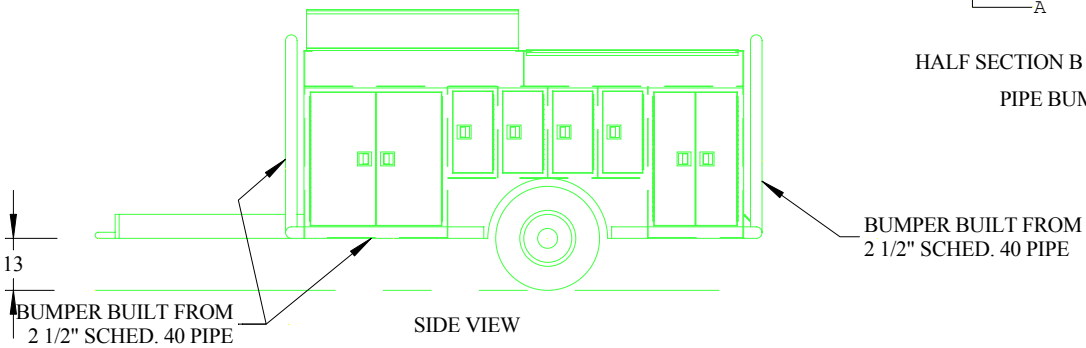

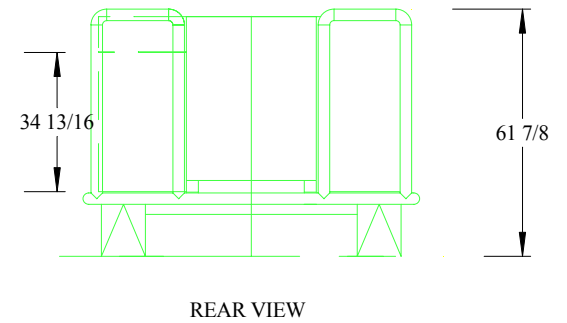

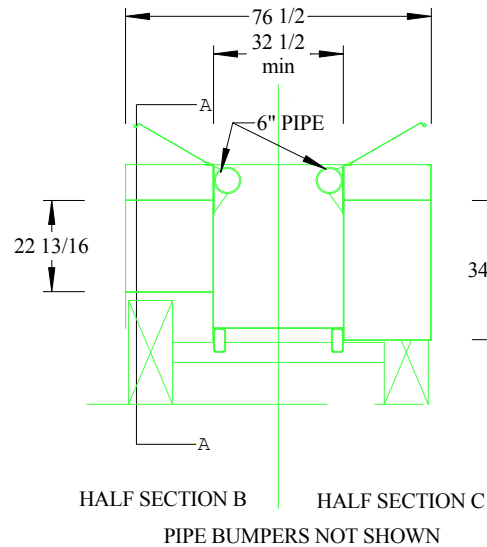

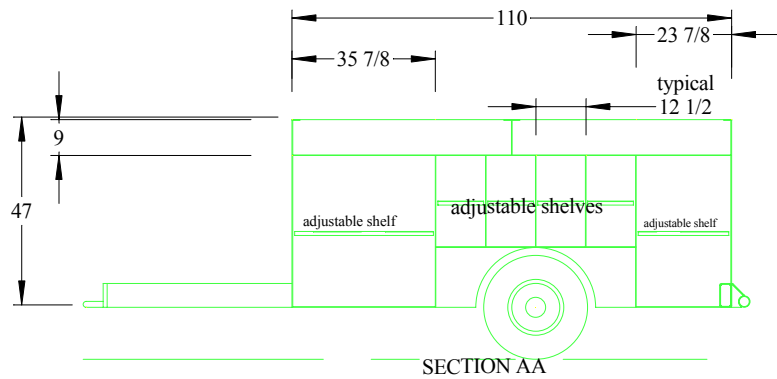

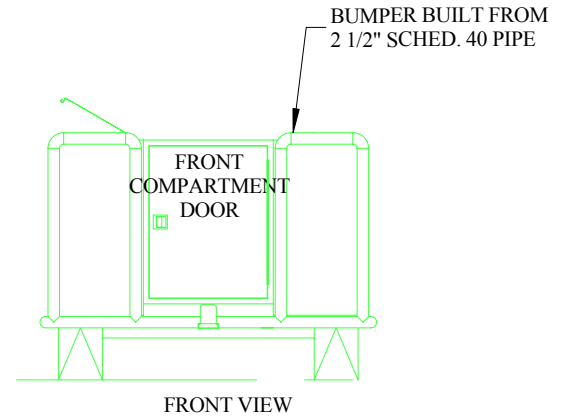

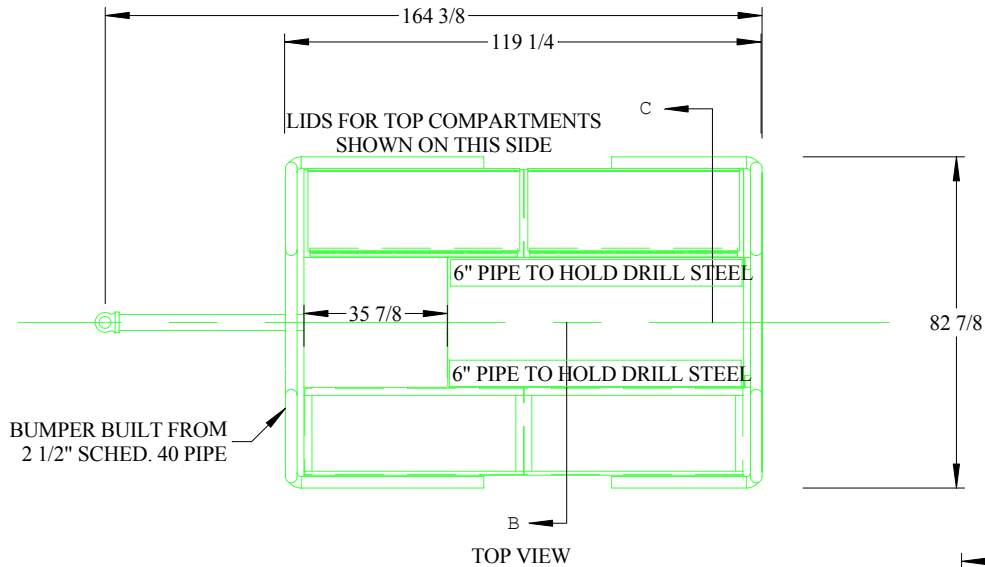

trailer around. Our customers have always been happy with our quality.

Uintah is happy to design and build a tool trailer to meet your specific needs. Contact us for a free quotation.

Our expertise is not limited to trailers alone. Visit our Web site at [www.uintahmachine.com](http://www.uintahmachine.com) for more information about our mining equipment and services.
